AMERICAN MEDICAL ASSOCIATION
Education and Research Foundation

535 NORTH DEARBORN STREET • CHICAGO, ILLINOIS 60610

RUFUS K. BROADAWAY, M.D.
President

Dear Colleague:

If you have made a contribution to medical education this year, directly to a school or indirectly through AMA-ERF, I would like to express my appreciation for your support. If you have not made a gift, it might be appropriate now, before the year ends, to consider such a contribution to a medical school, perhaps your own or one you particularly admire. The AMA-ERF has three funds that may be of interest to you: the Medical School Excellence Fund, the Medical Student Assistance Fund and the Unrestricted Fund.

When you give to the AMA-ERF MEDICAL SCHOOL EXCELLENCE FUND, and specify a school, your gift is transmitted to that school in your name. Donor funds are not part of schools' budgets and permit deans latitude in applying them in the pursuit of excellence at their institutions -- and this is a primary objective of the Foundation.

The AMA-ERF MEDICAL STUDENT ASSISTANCE FUND was established to add resources restricted specifically to student financial aid programs administered by medical schools. Donors may select the school to benefit from their gifts. Your gift can help needy students at the medical school of your choice.

Another important program is the UNRESTRICTED FUND. Its resources are the only funds available to the Foundation's Board of Directors that can be used to respond to special opportunities in support of experimental programs of care, bio-medical research and other worthy activities.

The AMA-ERF is a practical demonstration of the profession's commitment to attract and support the "best and the brightest" for medicine and to help assure the highest quality medical care for the future. Your participation is important. Please help by sending your gift today.

Sincerely,

Rufus K. Broadaway, M.D.

RKB:b1

P.S. Please remember that your donation is tax deductible. AMA-ERF is classified by the Internal Revenue Services as a 501(c)(3) organization, and gifts are considered charitable contributions to a public foundation.
